WE CARE FOR THE ENVIRONMENT

In addition to our ISO9001 and 14001 certifications, we also follow the RoHS and WEEE environmental directives. And our environmental awareness extends beyond production – our machines are equipped with state-of-the-art technologies to offer environmentally friendly solutions.

WE CARE ABOUT OUR CUSTOMERS

Thanks to an extensive dealer network throughout the world, Primus' offices serve customers in over 120 countries. Our headquarters are in Belgium, our production facilities are in the Czech Republic, and we have sales offices in France, the UAE and China.

COMPANY PROFILE

Primus is one of the world's major manufacturers of commercial laundry equipment. Since our creation in 1911, we have built up nearly a century of expertise in developing a complete range of washer-extractors, dryers and ironers.

We manufacture all our products under one roof in our state-of-the-art plant in the Czech Republic. We relocated the plant over 15 years ago in order to remain competitive in the world market without compromising on quality. Because our plant is vertically integrated, we can control the quality of our products throughout the entire production process.

WE CARE ABOUT QUALITY
